THE FAIRMONT KEA LANI

Willow Stream Spa
at The Fairmont Kea Lani

In ancient Hawai‘i, well-being was achieved by honoring nature, people and *nā akua* (spiritual beings), all of which were valued and connected. Each entity had *mana* (power or energy) that flowed from themselves to others. Keeping these entities connected resulted in a sacred balance that helped to maintain a healthy way of life for centuries.

Offering locally inspired experiences that combine Maui-sourced products, oils and herbs with ancient Hawaiian tradition, Willow Stream Spa aims to uplift your spirit and restore your *mana*.

E welina mai! Welcome!

Willow Stream
The Spas at Fairmont

Willow Stream is energy for life. We guide our guests on an energy journey, either to recover from the stress of the day or to foster a healthy lifestyle forever.

When nature joins forces with human touch in a luxurious and lighthearted atmosphere, energy expands. A connection to nature reminds us to maintain a personal harmony — an internal balance of mind and body. It is the natural energy of Willow Stream's amazing locations that we bring into the spa and infuse into each experience. A connection to people helps keep our lives in balance. It is the genuine care and magic of others, together with a social spa atmosphere where we can gather with friends, that reminds us of our resilient selves and restores the spring in our step.

Some call us lively in nature. Find your own energy — either for a moment or for the journey of a lifetime.

Our name: Willow Stream
Our name expresses how we look to nature for inspiration, energy and balance.

The willow tree is one of the strongest trees, deeply rooted (authentic and connected to the earth) with a strong core and flexible branches. It gains its strength from flexibility.

The stream represents our energizing journey through life: we bend and change in a peaceful, purposeful manner as we find our way around obstacles. It represents being in the flow of life.

Our logo
Our logo is composed of nature's essential elements: earth, air, fire and water. The willow — wood — is the fifth element. Many of the world's ancient cultures used these elements in some fashion to understand nature's connection to our body and spirit. The proper balance of these elements in nature and ourselves creates our energy.

Selecting your treatments

We have created a simple system to help us guide you in selecting an experience that will provide you with the greatest possible benefit. We want you to say, "That's just what I needed!" after every treatment. Each falls into one of three categories: Relieve, Restore or Results. In addition, beside these indicators, the benefit of each treatment is briefly described (e.g., deep relaxation) to help you decide.

Relieve treatments provide a simple escape from everyday pressures. They are a great pick-me-up, can facilitate relaxation and may involve skin rehydration.

Restore treatments are focused on helping you recover from things like stress, travel, overindulgence or your hectic lifestyle. They are rebalancing in nature, and some even provide you with more radiant skin.

Results treatments are more intense and involve processes like detoxification, cleansing or anti-aging. They are therapeutic, and many of them include the use of cutting-edge technology.

Another great way to select a treatment is to simply let your instincts guide you.

Signature experiences

Pure ener-g
Restore — Uplifting *90 minutes*
$255

Restore pure energy as the body is uplifted and refreshed. Through the use of a unique blend of bergamot, rose geranium, clary sage and chamomile in a head-to-toe experience, a sense of renewal envelops body and mind. The treatment begins with a re-energizing, remineralizing body exfoliation. The body is then massaged, moisturized, wrapped and nourished with revitalizing essential oils.

***'Awa* Remedy**
Restore — Tension relief *90 minutes*
$255

The *Makahiki* season of ancient Hawai'i took place each fall for four months. During this time, both war and work were suspended, and days were spent playing games, enjoying time together and feasting. Warriors relieved bodily tension with various herbs and tonics, including the locally grown *'awa* root. Today, the benefits of *'awa* are still apparent throughout Hawai'i. This experience includes a Hawaiian *'alaea* salt scrub to remove all surface skin for optimal absorption of our *'awa* aloe body mask. A pressure-point foot and scalp massage will melt away tension. After the body is rinsed, a tension-relief massage restores you to a limber form.

Aroma *'Ili'ili* Intuitive Balancing
Restore — Harmony *90 minutes*
$255

Infuse your senses with island *mana* (life energy) with this ginger and bamboo exfoliation, followed by an intuitive balancing aroma massage. Your selection of an organic essence blend and healing local *'ili'ili* stones determines the focus of this completely relaxing experience.
