ACAPULCO

A splendid tropical paradise. The blue Pacific on one side. The soaring Sierra Madre on the other. Swim, golf, dine in absolute luxury and soul-reviving sun.

THE FAIRMONT PIERRE MARQUES

On Acapulco's beautiful Revolcadero Beach is the elegant, intimate The Fairmont Pierre Marques. Once the private hideaway of J. Paul Getty, The Fairmont Pierre Marques is the perfect place for company directors to hold off-campus summits in privacy and luxury, or for groups up to 250 to meet with friends and associates. Here, villas and bungalows and low-rise buildings sit amidst gardens and fountains overlooking the sea or pools. This is a tropical paradise for golfing, dining, swimming or simply worshipping the sun.
