WRAPPED *in the* MOMENT

Stay a little longer. Share a little more.

Good food brings people together. Great conversation keeps them there.
Whether you›re celebrating with friends, family, colleagues, or someone special. Take a moment to connect with the people around you, because the best festive memories often happen in the middle of great conversations, shared laughter, and unexpected stories.

What's the most memorable trip you've ever taken?

What would your younger self be most proud of today?

What's a tradition, old or new that means a lot to you?

What's the funniest thing that's happened to you this year?

If you could have dinner with anyone, dead or alive, who would it be?

What's your perfect way to spend a day off?
