

## Willow Stream Spa at The Fairmont Banff Springs

Nestled deep in the majestic Rockies, in the heart of Canada's first national park, Banff feels like the top of the world. Here, sweeping vistas of mountains, sculpted by ice and time, rise to embrace a clear blue sky; rolling green valleys cradle glaciers, rivers and emerald lakes; and pure oxygen floods your lungs, bracing you to the core.

It's in this spectacular setting that you'll find The Fairmont Banff Springs (known as the "Castle in the Rockies"), proudly inviting travellers to experience the grandeur and warmth of its regal foyers, stunning halls and elegant guest rooms. And it's here that you'll find Willow Stream Spa at The Fairmont Banff Springs: an oasis of well-being unlike any other.

Reminiscent of the hot springs that beckoned travellers over 100 years ago, the spa's pulsating waterfalls and tranquil mineral pool rejuvenate tired muscles and soothe troubled spirits. Steam rooms, saunas and eucalyptus inhalation rooms bring welcome relaxation, while spa terraces and an outdoor whirlpool harness the healing power of the alpine air.

Banff is also reflected in the spa's wide variety of treatments, featuring local ingredients and designed around the activities that guests enjoy here. Highlights include an invigorating massage, featuring mineral cream blended with juniper and fennel essences; an aromatic maple-sugar body scrub; and a luxurious facial that protects golfers' skin from the harsh elements.

We invite you to explore Willow Stream Spa at The Fairmont Banff Springs, reawaken your senses and discover your energy.

## About Willow Stream Spa

Willow Stream Spas are acclaimed around the world for our focus on finding innovative ways to help guests discover their own energy. Energy makes the difference between living and living well; recharging our energy allows us to flow, rather than fight, through life. That is why energy renewal is our mission.

Each of our spas is designed to reflect the beauty and ambience of its location and of the hotel in which it is located, so no two are alike. But all of our spas have this in common: They deliver an outstanding experience. Simply being here—away from the chaos of everyday life—relaxes our guests and starts them on their energy journey.

Our spa experiences combine authentic and effective treatments with a place for you to spend time alone or with your friends. Social spaces by the pool, relaxation lounges, steam rooms and saunas, yoga and fitness areas—all are designed to stir our passion for living with abundant energy.

### Our name: Willow Stream

We believe these two words reflect our philosophy and our connection to nature's elements.

**Willow:** The willow represents our deep-rooted authenticity, strong centre and flexible spirit.

**Stream:** The stream represents our energizing journey through life—bending and changing in a peaceful, purposeful manner as it finds its way around obstacles.

### Our logo

Our logo is composed of ancient symbols for the world's essential elements: earth, air, fire and water. The willow—wood—is the fifth element. Balancing these elements puts us in sync with nature's equilibrium.

## Treatment menu

Willow Stream Spas are world renowned for their authentic, energy-building signature treatments, which offer experiences that highlight ingredients, techniques and products unique to Willow Stream Spa and/or Banff.
