

## OFFSITE THEMED EVENT OPTIONS

### **Boston Winery Tour**

Your guests are invited to experience the Boston Winery, the only custom crush winery in Massachusetts where they will brand/design their own unique blend of wine in an old stone post civil war building that transports them to the European wineries of old. The guests will be immersed in the total experience of selecting grapes, crushing, pressing, aging in barrels- (either French or American oak), labeling and bottling-creating their own unique blend – varietals.

The unique experience unfolds as they meet the winery founder and owner Raffaele Bruno and sommelier Scott Dahill, enjoy a tasting of their varietals with incredible food cooked up by Ralph Bruno himself as they contemplate the many possibilities this hidden gem presents. An absolute engagement of the senses and creativity- an exceptional treasure right here in Boston.

Upon arrival guests will be greeted & served a glass of wine. Prior to the Winery Tour, there will be a brief presentation of opportunities and initiatives available at the Boston Winery including, i.e. wine making, barrel purchases, private labeling for commemoration purposes. Dinner Stations will be prepared by Raffaele Bruno - owner of the Venezia Restaurant and the Boston Winery.

After Dinner, guests will experience a tour of the winery, learn about the wine making process, from crushing, de-stemming, racking and bottling. Following the tour, guests will taste the various varietals with Sommelier Scott Dahill discussing each wine and its origin. Guests can purchase a full barrel and individual bottles of the wines.

### **Sample Menu**
