RABBIT RIVER ORGANIC EGGS

Rabbit River Farms is Canada's original organic egg farm. A producer of certified organic, free range and free run eggs. All their chicken flocks live in a cage free environment and receive top quality feed, clean water, fresh air and tender care. As the pioneer and leader in Canadian organic and cage free chicken egg production they were the very first SPCA (Humane) certified farm in Canada. We are proud to feature these eggs in our dishes.
