Lu'au Kea Lani

Celebrate your visit to Maui with an island style voyage thru the true culture and history of Hawaii. Passed down thru generations - tradition, culture, creation and history has been shared thru hula and mo'olelo (history as Hawaiian People). Allow us to host your journey through time past, present and future. Your evening begins with authentic local artisans showcasing their crafts and sharing their talents with you as the sunsets in the horizon and the stars begin to glow in the sky above. Hawaiian contemporary music fills the air as your senses are delighted by a taste of the islands; which includes an extensive local-style menu combined with tropical flare. Imagine dining to the sounds of the ocean in a distance, next to swaying coconut trees and under the stars as a Polynesian cast takes you through the stories of our ancestors. Via a flowing archetypal of creation, love, strength, betrayal and heroic redemption, we will share with you stories passed down through countless generations that will leave you breathless. This is not just a Luau, this is our Ho'olaulea (gathering of friendship and celebration) of Hawaiian tradition.
