FAIRMONT KEA LANI

Willow Stream Spa at Fairmont Kea Lani

E welina mai! Welcome!

Imagine an island oasis complete with rolling mountains and seaside cliffs. A place where bright blue skies, and tropical flowers create a lush vibrant retreat for all. In ancient Hawai'i, well-being was achieved by honoring nature, people and *nā akua* (spiritual beings), all of which were valued and connected. Each entity had *mana* (power or energy) that flowed from themselves to others. Keeping these entities connected resulted in a sacred balance that helped to maintain a healthy way of life for centuries. Offering locally inspired experiences that combine the highest quality products with ancient Hawaiian traditions, Willow Stream Spa aims to uplift your spirit and restore your *mana*.

Enjoy any of our 13 luxurious treatment rooms, including of a state of the art WaveMotion table, high performance vichy shower and the couple's Aloha suite. Our 9,000 square-foot award-winning spa in Wailea features male and female relaxation areas with heated stone lounges, inhalation steam rooms, sauna, a *pālolo* (mud) bar and unique rain shower experiences.

Finishing touches are completed in our hair and nail salon to suit all your beauty needs. We also offer three outdoor cabanas to ensure you are pampered wherever you wish to be.

The Willow Stream Spa at Fairmont Kea Lani is the perfect conduit to a life of health and wellness.

Willow Stream

The Spas at Fairmont

Willow Stream Spas are acclaimed around the world for our focus on finding innovative ways to help guests discover their own energy. Energy makes the difference between living and living well; recharging our energy allows us to flow, rather than fight, through life. That is why energy renewal is our mission. Each of our spas is designed to reflect the beauty and ambience of its location and of the hotel in which it is located, so no two are alike. But all of our spas have this in common: they deliver an outstanding experience. Simply being here—away from the chaos of everyday life—relaxes our guests and starts them on their energy journey.

Our spa experiences combine authentic and effective treatments with a place for you to spend time alone or with your friends. Social spaces by the pool, relaxation lounges and steam rooms, yoga and fitness areas— all are designed to stir our passion for living with abundant energy.

Our name: Willow Stream

We believe these two words reflect our philosophy and our connection to nature's elements.

Willow: The willow represents our deep-rooted authenticity, strong center and flexible spirit.

Stream: The stream represents our energizing journey through life— bending and changing in a peaceful, purposeful manner as it finds its way around obstacles.

Our logo

Our logo is composed of ancient symbols for the world's essential elements: earth, air, fire and water. The willow—wood—is the fifth element. Balancing these elements puts us in sync with nature's equilibrium.

Willow Stream Spa Product Philosophy

Willow Stream Spa places emphasis on many aspects when choosing spa products for each of our Spas around the world. With luxury in mind, each brand selected demands quality and result-driven treatments, which are personalized to suit the needs of our valued guests. Environmental sustainability is considered whenever and wherever possible, which reflects our social responsibility. Our relationships with the product houses are important to ensure that we have premium spa products and training available for every encounter with our guests.
