THE BOW VALLEY PARKWAY – HIGHWAY 1A
This is a scenic drive between Lake Louise and Banff on Highway 1. The Bow Valley Parkway features many points of interest. Highlights include the geological marvel known as Johnston Canyon, the memorial in honor of Ukrainian internees and the scenery of popular forests, peaceful meadows and the Bow River. It will add an additional half hour onto your journey from Lake Louise to Banff but it is a much more beautiful drive than the main highway. If possible, we recommend taking this road early in the morning or at dusk, as you will be more likely to see the wildlife.

THE ICEFIELDS PARKWAY - HIGHWAY 93 NORTH
One of the most scenic drives in the world, the Icefields Parkway is absolutely stunning. It has been voted the Third Most Scenic Highway in the world by National Geographic. It winds beside serene lakes and rushing rivers overlooking snow-capped mountain peaks and majestic glaciers. Points of interest include the Columbia Icefield, which is the largest mass of ice in the Rocky Mountains, Peyto Lake, from which you can choose to hike, and further towards Jasper there are the Athabasca Falls. Along the way keep an eye out for wildlife including elk, mountain goats and mountain sheep.

HIGHWAY 1 WEST AND YOHO NATIONAL PARK
In the beautiful province of British Columbia just west of us lies the rugged and untouched beauty of Yoho National Park. Accessible by Highway 1 West, Yoho is home to the rich green coloured Emerald Lake and the natural rock formations of the Natural Bridge. This is a great option for a half-day outing.

HIGHWAY 93 SOUTH AND KOOTENAY NATIONAL PARK
A popular wildlife corridor, Highway 93 South leads you into the uniquely different, Kootenay National Park. One of the worst fires in the Rockies’ history ravaged through this area in 2003 but in proof that beauty can come from ashes, the resulting scenery is a photographer’s paradise. Charred wood juxtaposes vibrant green vegetation and glorious blue waters. Points of interest include Stanley Glacier, Marble Canyon and further south the town of Radium’s famous hot springs. Its hot mineral water is odourless and clear, perfect for a relaxing soak. Kids will enjoy swimming and diving in the cooler swimming pool (27°C). Visit southeast British Columbia’s largest day spa on-site. See if you can spot one of the bighorn sheep that make this canyon home.

Maps can be found at the concierge desk and we will be happy to review the highlights with you prior to taking these drives.

GYPSY GUIDE
On your Canadian Rockies vacation you won’t miss a thing while driving if you rent a GyPSy Guide. It is a small device that you plug into your car stereo and as you arrive at points along your day’s travel it will automatically play commentary about that area. With more than 3,500 points of interest, the commentary covers a wide range topics, including the beautiful mountain scenery of Alberta and British Columbia, stories of past explorers in the Canadian Rockies, advice on where to watch for wildlife in Banff National Park, advance notice for important highway intersections and quirky tales from Canada. If you have a smart phone, many of the GyPSy tours are available in app form either from the Goggle Play Store or from the App Store for Apple. All tours are prepared by professional tour guides.
