## Golf Course Description

El Camaleón is located in the Mayakoba community in Riviera Maya. Managed by Fairmont Hotels & Resorts, this gem of a course lives up to its name because during its construction the design was adapted to incorporate the unique characteristics of this majestic land. For example, two cenotes were left intact and are now hazards, and two holes are on the edge of the Mexican Caribbean, a position that gives golfers a unique view that is both relaxing and inspiring. Navigable waterways surround the course and water comes into play on 14 of the 18 holes.

## Play where the PGA TOUR Professionals play

Designed by Greg Norman, El Camaleón is the venue of the only official PGA TOUR event in Mexico, and features the only Jim McLean Golf School in the country. The PGA TOUR champions regard El Camaleón as an excellent course due to its superb playing conditions.
