

# **ONSITE THEMED EVENT OPTIONS**

# **Mayan Night**

The Mayan cultural heritage is so impressive that it is still admired in the modern days; even hundreds of years after their civilization reached its peak. We invite you to have your guests immersed in the Mayan traditions and authentic gastronomy.

The world of ancient local tribes is revisited through this theme where one steps through time and regions to find a jungle and beautiful artifacts in its midst – a pyramid or an inspiring arch, masks, stone walls and carvings were all witnesses to that time where the world was simpler but knowledge was being born. Palm trees, a cave, a jungle or sunset landscape, tikkis and god figures, all add to the effect of dining back in the Mayan time.
