### 1920's Speakeasy

It's the Bee's Knees! Step into another era of Flappers, The Charleston and 1920's Golden Coast! Your guests will arrive to a street lamp-flanked doorway to your "speakeasy". Crystal Chandeliers, Silver Beaded Lamps, Calla Lilies, Palm Trees and Silken Linens adorn the room. The sounds of a jazz trio welcomes your guests back in time.

But wait, in this era, and in this place, you might be in violation of the Volstead Act. It's a raid! Yes, it's true the coppers arrive and the Big Cheese may have to do some negotiations. All in fun! Enhanced printed menus incorporate the slang of the era. Offer a signature "bath tub" gin cocktail. Make it a costume event for true opulence. Perhaps even a Charleston contest! It is all completely copacetic.
