A PULSE OF ITS OWN - THE OWNER’S SUITE COLLECTION

The Owner Suite’s collection is the newest addition to the Fairmont Pacific Rim suite portfolio, offering Vancouver’s most stunning harbor and mountain views. Designed for the elite, in-the-know traveler, these new chic suites aren’t just a place to stay; they’re a place to be. Inspired by what makes a city feel alive, each suite incorporates elements of fashion, art and music, giving it a pulse of its own.

Taking cues from European mid-century modernism, the stylish décor is stunning in its simplicity. The open-concept suite features an expansive living room with Ico Parisi inspired sofa and large marble bathroom, connecting to the master ensuite complete with a king size canopy bed, second marble bathroom with oversized tub, and a large walk in closet, providing 800 sq ft of elegant living. HAUTE CULTURE

NEW RESTAURANT DEVELOPMENT
In spring 2017, an exciting new restaurant development will unveil at Fairmont Pacific Rim. The new concept is under the guidance of award-winning design firm Ste. Marie Design and brand by Glasfurd & Walker, both known for their collaboration work with some of Vancouver’s most notable restaurants including Kissa Tanto, Osteria Savio Volpe, and L’abattoir. Further details on the restaurant concept will be revealed in the coming months.

THE KING OF COGNACS
For the first time in Canadian hotel history, Fairmont Pacific Rim joins the list of iconic LOUIS XIII Fortress destinations and will be serving the most revered of cognacs.

The LOUIS XIII Fortress magnum will take its stand behind the sleek bar of The Lobby Lounge. The award-winning lounge has become Vancouver’s premier destination for cocktails and live music, with an innovative spirit program curated by one of the world’s best bartenders, Grant Sceney.

To celebrate this prestigious honour, Sceney has crafted the Royal Sazerac cocktail which will be added to the LOUIS XIII cognacs offerings. An enlightening Union of LOUIS XIII cognacs, Peychaud bitters, lemon oil, and a salted Absinthe mist of the glass, it creates and exquisite sip of art both for the eye and palate. This luxe cocktail will be served table-side exclusively at The Lobby Lounge.

HAUTE ART
Even before you enter Fairmont Pacific Rim, you will be captivated by its exterior. Three exceptional works draw attention—all speak to the art and artistry of the growing international collection — eclectic in nature — that is housed within Vancouver’s definitive luxury hotel.

Under the direction of owners/developers, Westbank and the Peterson Group, the collection is not themed, rather driven by interest and passion.

To fuel an artful passion, the hotel has launched a new art podcast tour. The art tour, over the course of 35 minutes, will invite guests to explore & learn about the public art and architectural detail at Fairmont Pacific Rim, beginning outside and gradually making their way inside to the works throughout the public areas of the hotel. Priority has been placed on showcasing the best of local Vancouver artists, as well as ensuring international and commissioned works are prominent.

WILLOW STREAM SPA
With a focus on finding your energy, the first Willow Stream spa in Vancouver is an oasis of serenity at the Fairmont Pacific Rim. Named one of the world’s best Spas by Conde Nast Readers, the expansive 15,000 square foot retreat is located on the 9th floor of the hotel, surrounded by stunning city and harbour views. Recently added to the new treatment menu is the 100% Natural luxury Tata Harper skincare line. The exclusive Nature’s Indulgence 90-minute Tata Harper facial includes a Quadruple-Masque System to act on each level of the skin, delivering lifting, hydrating and correcting results.

TOP TOQUE
Nathan Brown is back on home turf, as Fairment Pacific Rim executive chef. The Ontario raised culinarian has arrived on Canada’s west coast after a decade spent at top hotels and restaurants from Asia to the Middle East to the Caribbean. Brown’s knowledge of cuisine begins at its very roots, and the concept of farm-to-table has been the essence of his culinary life. Having grown up in the small Ontario town of Lucan, he discovered his culinary passion early in life. On the family farm, Nathan was surrounded by an abundance of fresh riches.

Brown arrives at Fairment Pacific Rim from China, where he was executive chef for the Ritz-Carlton Beijing, Financial Street. Brown brings his extensive experience in global cuisine to Fairment Pacific Rim where he is eager to start ‘playing’ in BC’s backyard with the abundance of local, fresh and sustainable ingredients available at his fingertips.

DISHING IT UP
Guests can travel with their palates and experience a culinary journey around the world at two distinct and unique destinations within the hotel. giovane, for serious coffee drinkers, has internationally inspired gourmet sauces, sweets and spreads. The ultra-sleek RawBar features an extended sushi bar with seared, sushi, cocktails and champagne from lunch ‘til late and has been named Vancouver’s first 100 per cent Ocean Wise sushi destination.
GREEN IS THE NEW BLACK

Fairmont Pacific Rim opened its doors as a sustainable hotel, proudly being awarded the 5-Green Key designation within its first year of operation. The hotel continues to improve by pushing the envelope with initiatives that make a significant impact on the community and environment, seeking innovative ways to be a leader in sustainable practices within the hospitality industry. Initiatives include: paperless check-out, digital check-in, and iPads in every guestroom, with the recent induction of the PressReader app, allowing guests to digitally access over 3,000 publications, reducing daily paper distribution. In 2014, the hotel took charge and has transitioned 9,400 light bulbs to LED lights resulting in a remarkable 25% savings in KW usage to date. Fairmont Pacific Rim has recently added an all-electric BMW i3 to its courtesy car fleet, and offers charging stations for electric vehicles, encouraging eco-friendly transportation. BMW bikes are readily available for guests to explore Vancouver while reducing their carbon footprint.

**“HOT SPOT” IN TECH TRENDS**

The hotel was the first Canadian property to implement iPad 2 devices throughout all 367 guestrooms with ICE (Interactive Customer Experience™) by Inntel, allowing guests to customize their stay and interact with all areas of the hotel with a touch of a fingertip, and the hotel's restaurant and lounge takes the wine and cocktail list to digital heights.

PROPOSAL PLANNER GUARANTEES AN “I DO”

Those wondering how to pop the question can leave their worries behind as Fairmont Pacific Rim’s Proposal Planner plays cupid. Taking the lover’s leap is a walk in the park with proposals, that can include anything from fireworks to an airplane banner. It’s as easy as 1-2-3, make the call and a “perfect proposal” is designed for your special someone. The only rules of engagement... “Jiring the low and the ring!”

THE (BIKE) BUTLER DID IT

Fairmont Pacific Rim offers a fleet of BMW bicycles, and for the third year the hotel offers seasonal Bike Butler who oversee the hotel's bike program. They equip guests for their cycling adventure by tuning and fitting the bikes, providing helmets, locks, and water, in addition to mapping out the best road bike trails in Vancouver – of course, including the picturesque seawall.

The exclusive Bike Butler service is available to members of Fairmont’s President’s Club - the brand’s complimentary guest loyalty program.
