MEN'S TREATMENT EXPERIENCES
AT FAIRMONT THE PALM

Willow Stream Spa at Fairmont The Palm

Willow Stream Spa at Fairmont The Palm draws its energy from its location: from the vitality of urban Dubai, from the quiet mystery of the sand and sea, from the endless sky and the intense desert heat.

These elements are reflected in the spa's design, which — like Dubai itself — combines modernity and tradition to create an ideal urban oasis in which to discover your energy.

Our men's spa provides a club-style atmosphere in which discerning gentlemen can relax and recharge. Treatment facilities include a thermal suite with a large aroma steam room and sauna, a cooling ice fountain and several experience showers. You can also visit the private grooming suites, offering a range of treatments for the face, hands and feet — as well as the perfect shave. Or take advantage of our state-of-the-art fitness facilities and enjoy an invigorating workout. And be sure to unwind in our private hammam room, where our experts perform and perfect the art of the body scrub.

Discover Willow Stream Spa at Fairmont The Palm. Begin living with abundant energy.

About Willow Stream Spa

Willow Stream Spas are acclaimed around the world for our focus on finding innovative ways to help guests discover their own energy. Energy makes the difference between living and living well; recharging our energy allows us to flow, rather than fight, through life. That is why energy renewal is our mission.

Each of our spas is designed to reflect the beauty and ambience of its location and of the hotel in which it is located, so no two are alike. But all of our spas have this in common: they deliver an outstanding experience. Simply being here — away from the chaos of everyday life — relaxes our guests and starts them on their energy journey.

Our spa experiences combine authentic and effective treatments with a place for you to spend time alone or with your friends. Social spaces by the pool, relaxation lounges, steam rooms and saunas, yoga and fitness areas — all are designed to stir our passion for living with abundant energy.

Our name: Willow Stream

We believe these two words reflect our philosophy and our connection to nature's elements.

Willow: The willow represents our deep-rooted authenticity, strong centre and flexible spirit.

Stream: The stream represents our energising journey through life — bending and changing in a peaceful, purposeful manner as it finds its way around obstacles.

Our logo

Our logo is composed of ancient symbols for the world's essential elements: earth, air, fire and water. The willow — wood — is the fifth element. Balancing the elements puts us in sync with nature's equilibrium.

Willow Stream Stay Active programme

This programme, exclusive to Willow Stream Spa, offers relief from joint inflammation and recurring muscle aches and pains — whether the result of rounds of golf, work demands or ageing — helping you stay in the game.

Stay Active Sports Massage — 60/90 minutes

Deep pressure

This deep-pressure massage is tailored to the areas of your body that require relief from tension or muscle and joint pain. Where there is swelling or inflammation, a cooling aid may be introduced; where there is stiffness or a combination of stiffness and inflammation, heat will be added. The massage features a unique warm Indonesian ginger-oil blend.

Stay Active Back Soother — 60 minutes

Lessens soreness

This treatment uses highly remineralising moor mud and infrared technology to relieve back soreness. Following the mud application, your back and neck are treated to a massage with Indonesian ginger oil, followed by infrared heat therapy and a luxurious foot massage.

Healthy Revival Scrub and Massage — 90 minutes

Recovery

To begin this head-to-toe service, organic ginger's healing properties work in tandem with mineral salts in an invigorating full-body exfoliation. This is followed by a therapeutic back, neck and shoulder massage with ginger oil and muscle-warming stones. Finally, enjoy a relaxing warm wrap while receiving a foot and pressure-point scalp massage.

Hammam and Rasul

All experiences in this section are enjoyed in our private hammam (“to warm” in Arabic) or Rasul suite. Hammam treatments are a time-honoured Middle Eastern tradition that naturally detoxify, exfoliate and rejuvenate the skin, relieve tired muscles and release tension.

Renew Hammam — 60 minutes

Purifying

This treatment opens the pores, purifies and smooths the skin, and energises the immune system. A traditional wash with black-olive soap is followed by a vigorous kese scrub. The body is then coated in argan oil — full of antioxidants and vitamin E — and mineral-rich clay from the Atlas Mountains. Finally, a natural anti-ageing honey mask, featuring illuminating phytochemicals, is applied to the face.

Classic Hammam — 60 minutes

Refreshing

Regenerating and refreshing, this experience begins with a cleansing, hydrating application of traditional black soap. A thorough kese scrub eliminates dead skin cells and improves circulation, while a full-body mask improves skin tone and elasticity. A facial mask and hair-conditioning treatment — including a tension-relieving scalp massage — completes the treatment, purifying the face and nourishing the hair.

Willow Stream Desert-Sand Hammam — 90 minutes

Warming

In this combination Vichy shower and hammam treatment, warm water is poured rhythmically over the body, releasing the day’s stresses. Your hammam specialist applies warm desert sand in relaxing strokes, sloughing off dead skin cells, then uses the Vichy rain shower to wash away impurities. A pampering massage follows, using khemoussa pouches and your choice of traditional oils.

Purifying Rasul — 60 minutes

Mineralising

In the luxury of our private Rasul suite, this traditional treatment starts with a full-body exfoliation, followed by the application of mineralising body clay. The heat of the Rasul chamber helps the detoxifying minerals penetrate into the body, and a tropical rain shower washes impurities away. A light application of hydrating lotion completes the treatment, leaving you feeling energised and revitalised.

Ultimate Detox Rasul — 90 minutes

Clarifying

This full-body detoxifying experience targets areas prone to fluid retention and uneven skin texture. An argan granita body scrub exfoliates the skin, while a face and body mask removes impurities and improves skin tone and elasticity. After the clay is washed away, you'll be treated to a stimulating full-body lymphatic massage.

.....

Body wraps, scrubs and baths

Salt-of-the-Sea Scrub — 60 minutes

Invigorating

Stimulate circulation and soften your skin with this two-step treatment, featuring an exhilarating exfoliation with salt and essential oils, and a loofah scrub with a mineral-rich shower gel.

Desert-Sand Scrub — 60 minutes

Regenerating

This traditional, invigorating full-body scrub uses vitamin E, argan oil, helianthus and desert sand; the sand leaves the skin completely exfoliated, while the argan oil nourishes and hydrates.

Facial experiences

Deep-Cleansing Face Treatment — 60 minutes

European style

Featuring skin-restoring antioxidants, this deep-cleansing facial — personalised to provide you with the most benefits — includes a professional skin analysis, a gentle ultrasonic exfoliation, a circulation-enhancing facial massage and a nourishing mask.

Diamond Face Sculpture — 60 minutes

Anti-ageing

In this luxurious treatment, the face is double cleansed and exfoliated with micronised black diamonds, before an extraction is performed, giving you the clearest skin possible. A signature face, neck and scalp massage focuses on tension points, while lymphatic drainage promotes a more chiselled appearance. To complete the treatment, an absorbent bioactive-silt mask is applied, encouraging cellular regeneration and reducing the appearance of fine lines.

C-Suite Treatment — 90 minutes

For face and body

The ultimate in skin and body maintenance, this all-inclusive treatment combines our renowned black-diamond exfoliation with a full-body exfoliation and lymphatic-drainage massage. Emerge with smooth, hydrated skin and a brightened complexion.

Lifting facials

These facials use K-Lift Age Management System's next-generation technology to achieve significant results. This unique multi-phase approach combines red-LED exposure, advanced impulse micro-currents and a transdermal delivery system for a more youthful, smooth appearance.

Lift-and-Tone Facial — 60 minutes

Energising

Energise and transform skin with this high-performance treatment, which includes an exfoliating multi-acid peel for the face, neck and chest, and 40 minutes of treatment using the K-Lift system.

Ultra-Lift Facial — 90 minutes

Tighten and transform

For more intensive contouring, this facial features 60 minutes of treatment using the K-Lift system. The experience finishes with the application of our Biomarine Matrix Sheet, which allows minerals and vitamins to penetrate, revitalise and nourish the skin. Great for maturing skin.

A course of facials is recommended for maximum results. Please consult with our spa professionals for further guidance on selecting the course best suited to your requirements.

Massage experiences

Relaxation Massage — 60/90 minutes

Light pressure

Tailored to your specific needs or preferences, this full-body Swedish-style massage, performed with gentle intensity, is designed to increase circulation, enhance lymphatic drainage, and promote relaxation and sleep.

Stress-Relief Massage — 60/90 minutes

Medium pressure

This medium-pressure massage is designed for the sole purpose of stress relief, and focuses on your main tension points — head, neck and shoulders — using a muscle-melting massage oil.

For deep-pressure massage options, see our Willow Stream Stay Active programme section.

Stone Massage — 60/90 minutes

Deep heat

This tailored massage uses specific stress-relief techniques — such as the use of hot volcanic stones — to release deep-rooted tension, loosen tight muscles and improve muscle mobility.

Reflexology — 60/90 minutes

Ancient method

One of the world's oldest healing methods, reflexology is a unique massage technique — performed on the feet and hands — that brings all of the body's organs back into balance and creates an all-over sense of relaxation.
