The Luxurious and Elegant Silver Sturgeon

The Silver Sturgeon is the luxury flagship of the Silver Fleet, with architect-designed interior. It is an ideal venue for all forms of entertainment, from gala dinners, conferences, product launches, to private parties and weddings. You have the choice of hosting your events on a moored river yacht, or the option to make it exceptional with a cruise along The Thames, alighting at almost any pier between Chelsea and Greenwich.

The Savoy has the rare distinction of having stunning views overlooking the River Thames, which include the private Savoy Pier. Guests begin the evening at the River Entrance before being escorted by our welcoming staff through the scenic Embankment Gardens to the Savoy Pier. Guests would indulge in an arrival champagne reception, a glorious bespoke menu created around you by our talented Savoy kitchen or a unique a la carte menu. To finish the night guests enjoy an after dinner bar and dancing until the early hours before disembarking after an unforgettable evening.
