ANTI:NOTE EXCLUSIVE ROAST

Take a moment and smell the coffee as it's no ordinary Joe. Together with Oriole Coffee Roasters, a local group of award-winning Baristas and coffee experts, Anti:dote is proud to showcase an exclusively crafted seasonal espresso blend that is freshly roasted weekly. After several rigorous coffee cupping sessions of over 30 coffees from different parts of the world, the Anti:dote exclusive roast is a resultant blend of two Brazilian coffees purveyed from the following farms:

The Rodomunho farm is located in the Alto Paranaíba, the highest part of the Minas Gerais' Cerrado region, at around 1,000 metres above sea level. The native forest reserves in the area provides habitat for local birds and animals. Solid wastes from processing are recycled as organic fertiliser and any water used is recycled and fully treated to avoid polluting local water courses. This sustainable roasted coffee imparts flavours of toffee and dark chocolates.

The Rainha farm is located on the borders of Minas Gerais. As social and environmental aspects are considered fundamental by the farm, a programme was implemented to plant native species to maintain the ecological balance. The quality of coffees produced is the result of great dedication and care exerted by the farmers. Many coffees from this area have won Cup of Excellence awards over the years. Rainha coffee is roasted to a medium dark degree, exuding a creamy mouth feel with a full body. Flavours of milk chocolate and roasted nuts with subtle notes of vanilla beans come through.

Rodomunho when paired with Rainha, accentuates flavours of chocolate covered nuts, with the sweetness of cocoa and an acidity that is reminiscent of apples. This is the aromatic Anti:dote exclusive roast.
