A day in camp will consist of:

- Arts & Crafts
- Field Games
- Recreational Activities

COUNSELOR IN TRAINING (CIT) CAMP (Ages 11 – 14)

Creating the Leaders of Tomorrow

The Claremont CIT camp is a wonderful opportunity for your child to gain experience in the childcare field while having a blast this summer. We will improve their communication and leadership skills by:

- Working side by side with our instructors
- Helping develop and lead activities for our campers
- Gaining valuable insight into teambuilding and leadership

Our objective is to develop confident young individuals through leadership exercises, positive communication skills and peer-to-peer relationships. We look forward to welcoming back old friends and helping grow new friendships, while working together to make this a summer they will never forget!
