PEACE HALL WEDDING

8TH FLOOR

The Peace Hall is the largest banquet hall in the Fairmont Peace Hotel. Located on the 8th floor of this landmark building, the Peace Hall is one of Shanghai's most famous ballrooms, and over the decades has been the scene for some of the city's most lavish receptions and parties. It is known as the "Golden Hall" for its typical British palace style, and is overshadowed by a vaulted ceiling of over 6 meters in height, with striking moon-hole windows on both sides. Six vast and sparkling crystal chandeliers lighting up this beautiful space, and the floor is the original famed sprung white maple dance floor, now stunningly refurbished and brought back to life.
