WILDLIFE AWARENESS

The chance to observe wild animals as they go about their natural lives is one of the most fascinating experiences that our mountain national parks have to offer. Along with this opportunity, however, comes the responsibility to treat wild animals with the respect they deserve. Drive with care and be prepared to avoid a collision at all times. Be especially cautious at dusk and dawn, when many animals are most active, and visibility is poor.

They may sometimes appear unconcerned by our presence, but all park animals are unpredictable and potentially dangerous. Do not approach or entice wildlife. Use binoculars or a telephoto lens instead. Remain at least:

- 100 metres (10 bus lengths) away from bears, cougars and wolves
- 30 metres (3 bus lengths) away from elk, deer, sheep, goats and moose

In accordance with provincial restrictions, our priority is to ensure social distancing and to safeguard, protect and care for our valued guests. At this time, provincial restrictions mandate that all restaurants, pubs, bars, lounges and cafes must be closed to in-person service. Take out and delivery service is allowed. A face mask (covering mouth, nose and chin) must be worn at all times while in the Main Lodge to collect take out meals.
