SUSTAINABILITY AT FAIRMONT PACIFIC RIM

FOOTLOOSE & PLASTIC-FREE

We are proud to share that we have recently eliminated all non-essential single-use plastics, including in our public spaces, guestrooms, dining venues and spa.

A STEP IN THE RIGHT DIRECTION

In 2018, we began working with GreenStep Solutions Inc. through an extensive audit of all single-use plastics within our hotel. GreenStep awarded us the third-party verifier’s first Single-Use Plastic Free Certification within the North American hospitality sector.

RETHINKING THE PRODUCTS AROUND US

These are just some of the positive changes we have made to your guest experience.

• 36,000 plastic key cards used annually have been replaced with reusable FSC Certified cherry wood
• Approximately 1,600 kilograms (198,700) small shampoo and conditioner bottles have been replaced with refillable bottles

OTHER NOTABLE CHANGES

• 600 kilograms of plastic water bottles used per year have been replaced with recyclable versions
• 12,500 plastic laundry bags used per year have been replaced with a reusable cloth alternative
