

FAIRMONT ST ANDREWS

Pre-arrival Guidelines

We look forward to welcoming you to Fairmont St Andrews, where the health and safety is our absolute priority for our guests and teams. We have introduced intensified hygiene and prevention measures to ensure your safety using the ALLSAFE label. This represents our new elevated cleanliness protocols and provides assurance that these standards have been met in our hotels worldwide.

From time to time we may have to adjust timings or close a venue, activity or experience at short notice due to colleague members being requested to self-isolate by track and trace. We would like to apologise in advance should this occur, and we encourage you to contact a member of our team should this impact your experience in any way.

Many thanks
