## STRAWLESS OCEAN

More than 8 million tons of plastic is dumped into our oceans every year. Over half of which is from single use plastics, like straws. Plastic waste is an enormous threat to our oceans and we are committed to changing that by eliminating the use of plastic straws in our hotel.

## LOUIS XIII

### ONE CENTURY IN A BOTTLE

Provenance and time are the very essence of LOUIS XIII cognac. Grapes grown in Grande Champagne - the premier cru of the Cognac region - are carefully blended over the years to create the cognac inside every decanter.

Each drop represents a finely tuned craft passed down from one generation of Cellar Master to the next, taking up to 100 years to craft. A firework of aromas results in a dense harmony of floral, spice, fruit, wood and nut dimensions. It has unparalleled complexity and an extremely long finish of up to one hour.
