The German term 'Schnapps' refers to any kind of strong alcoholic drink, the French version of the term being eau de vie (water of life).

The brand of schnapps we carry is Okanagan Spirits, based in Kelowna, BC. They are made from 100% BC fruit: picked when ripe, fermented for 2-12 weeks, and then double distilled in copper stills. These eau de vies are to be enjoyed neat and over ice.

Schnapps is traditionally served as a digestif, an after dinner drink that aids in digestion.
